SACAA WHO ARE WE?

26 August 2021

Dear all,

**“WE HAVE A NEW START
– A NEW CHALLENGE”!!!**

SACAA, cannot function without the support of the Member companies and individuals.

The membership of **SACAA** provides support for the development, implementation and continuation of effective programs for the management and the use of ash.

The Public and Government recognized the initiation of sound policies for recycling and sustainability of the infrastructure.

It is important that **SACAA** Members share a common interest in using **ASH** as valuable products to **enhance**, reuse, minimize disposal costs, reduce liability and support environmental policies.

SACAA members are active at national, regional and local levels.

It is important to join **SACAA** in participating in informal exchange and networking for educational opportunities and professional growth advances to your market awareness and development.

WE ARE THE ASH INDUSTRIES PIONEERS

IN BROAD WHAT DOES SACAA DO?

1. **SACAA** Engages
Engages with Members, Sasol, Eskom, other Ash Producers, and ensures a broadened horizon and network through formal and informal engagement, forums, marketing and workshops.
2. **SACAA** Educates
Through professional workshops, meetings, technical talks, individuals are invited to partake in various discussions, all of these resulting in some form of education in the Ash Industry.
3. **SACAA** Converses
Sound platform for a collaboration networking clusters and special interest groups.
4. **SACAA** Informs
Members, the Public and Government Departments are informed on a host of issues that are business related and to development of companies.
